Expression of Interest (EOI) for getting awareness to become Vendors under PM-Surya Ghar : Muft Bijli Yojana (PMSG:MBY)

Ministry of New and Renewable Energy (MNRE) has notified PM Surya Ghar: Muft Bijli Yojana with a target of installation of Rooftop Solar Systems (RTS) to one Crore households. The actual installations are being done by the vendors registered on the National Portal. For registration of the vendors at State level/Multi-State level/ National level, MNRE has already notified the procedures.

In this regard, the interested individuals / firms / companies are invited for getting the awareness about the process of becoming Registered Vendor under PM-Surya Ghar: Muft Bijli Yojana.

Scheme Highlights:

- 1 Crore Residential Rooftop Solar Installations by March, 2027
- Potential Market Size: ₹ 1,45,000 Crore
  (Based on benchmark cost for 1 crore installations of 3KW)
- Central Financial Assistance (CFA) : Up to ₹78,000 per household

Vendor Support and Growth:

- **Expanding Market Opportunity:** The scheme boasts a robust market with over 8,000 vendors and aims to expand further, with a need to expand fast, up to 25,000 vendors.

- **Potential in Untapped Markets:** Apart from the existing high growth states like Gujarat, Maharashtra, Uttar Pradesh, Kerala, Tamil Nadu, etc. several Northeastern Region (NER) states and Union Territories (UTs) present untapped market potential.

- **REC's Support to Vendors:** REC's Vendor Management Division actively supports vendors through weekly interactions, dedicated email support, and capacity-building programs.

Express Your Interest:

Ready to make a difference? Submit your Expression of Interest today!
https://forms.gle/GTgL5LzLk2WwrGzY6

Support to the interested individuals / firms / companies:

REC Ltd (NPIA for PMSG:MBY) shall introduce the interested individuals / firms / companies about the details of the Scheme and detailed role of the vendor in the Scheme. They shall be guided for getting them registered on the National Portal. Apart from this, they shall also be guided for the capacity building programmes going on with the support of MNRE.

Your Role as a Vendor:

As a registered vendor, you will play a pivotal role in the entire lifecycle of rooftop solar installations, from system design and component supply to installation, commissioning, and Comprehensive Maintenance Contract for 5 years.

The scheme ensures a streamlined process through the National Portal for efficient implementation. The government is dedicated to enhancing the vendor experience by addressing concerns, providing clear guidelines, and simplifying processes.
